OMOJEFE BENEDICT

09163217299 | benedictomojefe@gmail.com | Lagos, Nigeria

PROFESSIONAL SUMMARY

Passionate Flutter developer with hands-on experience in mobile application development, API integration, Firebase services, and AI-powered solutions. Experienced in developing AfriDam AI, a mobile application for skin disease detection using artificial intelligence. Proficient in Dart, Flutter, and Python (Intermediate), with a strong interest in artificial intelligence and machine learning. Seeking opportunities to contribute to innovative software projects while growing as a software developer specializing in AI-driven solutions.

SKILLS

Languages & Frameworks: Dart, Flutter, Python (Intermediate), HTML (Beginner)

Backend & Services: Firebase (Authentication, Firestore, Storage)

API Integration: RESTful APIs, AI APIs (Text and Image Generation)

Tools: Git, Visual Studio Code, Adobe Photoshop (Intermediate)

Other: PDF Editing, Graphic Design (Intermediate)

WORK EXPERIENCE

Software Developer

Fundbridge Consultation Ltd, Lagos, Nigeria

4-Month Contract

• Collaborated in the development of AfriDam AI, a mobile application that uses artificial intelligence for skin disease detection.

• Built and maintained mobile application features using Flutter and Dart.

• Integrated AI powered functionality to support image based skin analysis.

• Contributed to testing, debugging, and performance optimization.

• Worked closely with team members to improve user experience and application reliability.

Solar Installation Technician

Castech, Majidun Rd, Lagos, Nigeria

July 2023 – December 2024

• Assisted in the installation and maintenance of solar panels and systems.

• Worked with a team to ensure proper wiring, alignment, and testing of solar setups.

• Gained technical field experience and exposure to client-based solutions.

EDUCATION

SSCE, Awaiting Admission

Surepass College Of Education, Lagos, Nigeria

PROJECTS

1. AI Integration App

Developed an app that integrates various AI APIs to generate images and provide text-based AI assistance. Utilized Flutter, Dart, and open-source AI tools.

2. News App

Created a news application that fetches and displays global news through a News API and personalized content using AI integration.

3. Chat App

Designed and developed a real-time chat application using Firebase Authentication, Cloud Firestore, and Storage.

4. AfriDam AI

Contributed to the development of a mobile healthcare application that leverages AI for skin disease detection and analysis.

GOALS & INTERESTS

Goal: To become a professional software developer specializing in mobile and AI based solutions.

Interests: Mobile Development, Artificial Intelligence, App Design, Learning New Technologies.
